

Coast Guard Is Probing Tahoe Boat Accident

Auburn Fishermen Injured After Being Rammed By Speedboat

TAHOE CITY—Commander Fred Main of the Coast Guard Flotilla, Lt. Edward Oliver and Chief Williams of the San Francisco office spent several hours yesterday investigating the boating accident which occurred at 5:20 p.m. Sunday about a quarter of a mile off the point at Meeks Bay in which two men narrowly escaped death.

The results of the inquiry are being studied and results will be announced by the Coast Guard following the hearings.

Wallace E. Breuner Jr., 22, of Oakland, riding with his fiancée, Betty Jean Chapman of San Marino, in his 20-foot Chris Craft runabout struck the 14-foot rowboat of fishermen, Alfred Johnston and Elmer J. Kinsinger, both of Auburn, with such terrific force that the smaller boat was completely cut in half.

Both men saw the speeding boat approaching and thought the driver was trying to frighten them, believing he would veer his boat away before reaching them. When they discovered he was not doing so, Johnston, terrified, stood up in the small boat yelling and screaming at the top of his voice and waving his arms to tell Breuner of their presence.

Did Not See Boat
Breuner, who later admitted he did not see nor hear them until too late, came bearing down upon them at a speed estimated at between 23 and 24 miles per hour. Johnston, who cannot swim, lost his balance and was thrown from the boat into the water and Kinsinger threw himself into the bottom of the boat, his quick thinking saving his life. The cutwater (or front of the boat) passed over his back, leaving it cut and bruised and he may have suffered injuries to his lungs and ribs.

Breuner stopped his boat and rendered aid. R. C. Krantz, Meeks Bay vacationist, fishing nearby, hurried his boat to the scene and pulled the shaken men from the water as they clung to the wreckage of the boat.

Go To Hospital
They were rushed to the Tahoe Forest Hospital in Truckee where Dr. George Hahn examined both. Results of the internal examination were not available here but it is believed Kinsinger was not seriously injured. Johnston received only abrasions of the shins and legs.

The Johnstons and Kinsingers were guests at the Meeks Bay home of Millard Hollenbeck, also of Auburn.

Commander Main was notified at once by Fred Kehlet of Meeks Bay Resort and the investigation proceeded immediately.

Driver Declines Comment
The furniture fortune heir, vacationing at his family's summer home at Homewood, told a reporter, "I'm afraid I have nothing to say. I'm letting father handle the story. He's in command of the situation."

The mishap occurred across the lake from the spot where Imogene Wittsche of Roseville, who was 13 at the time, suffered the loss of both her legs three years ago after she was struck by a speeding motorboat driven by Phil Davis, wealthy Oakland auto dealer. Davis was subsequently convicted of negligent operation of the boat and served a federal jail term.

Dr. Scow Approved By Vets' Administration

Dr. Oliver Scow Jr., local dentist, this week received approval from the Veterans Administration headquarters at San Francisco to handle VA dental cases in this area. At the same time, Dr. Scow announced he will receive patients every day, Tuesday through Saturday, taking Sunday and Monday as his days off.

Elderly Man Expires On Train Last Friday

The body of Charles A. Dedrickson, 70, who expired on a Southern Pacific train here last Friday morning, was taken to Fallon, Nev., by the Truckee Colonial Mortuary for funeral rites. Dedrickson, who was traveling with a friend, is believed to have suffered a heart attack.

TAKE EXAMS
Robert Campbell of Truckee and Frank B. Delaney of Sattley comprised the Truckee contingent going to San Francisco Tuesday to take pre-induction physical examinations for possible service in the armed forces.

Since 1869

District Gains In Power, Loses In Water In Report

From a gross billing of \$81,191.13 during the fiscal year ended June 30, the Truckee Public Utility District's electric department reported a net revenue of \$12,045.03, while the water department reported a net loss of \$1418.84 after allowing \$6,262.75 for depreciation.

These figures were revealed in the annual report just completed by Harry M. Straine and Sons of Sacramento.

The electric department's net gain was \$3003.52 over the preceding year, with gross billings \$9,839.75 over last year's report.

The loss in the water department was attributed in part to approximately \$1,000 spent in repairs, the report indicated.

The cost of electric energy accounted for 47.23 per cent of the district's expenditure in that department. Last year the cost was 45.97 per cent of the total. The cost this year was \$38,338.80.

Other major expenditures during the year included \$9,706.62 for repairs and replacements, \$6,426 for office and executive salaries, auto expense, supplies, legal and audit fees. A sum of \$2,960.85 was allowed for depreciation. Chamber of Commerce contribution was fixed at \$3,196.

The gross revenue from the water department was announced at \$10,792.06 and with \$6,262.75 allowed for depreciation, \$5,948.15 for repairs and replacements and \$5,948.15 for operating expense, the department went \$1418.84 in the hole.

The auditors gave the directors and management of the district credit for maintaining the district's affairs in an efficient manner.

HOUSING LISTING BEING ASKED FOR SCHOOL STAFF

Due to the housing situation in this vicinity, it was decided at last Monday's PTA meeting to ask all persons having a room, apartment or house to rent to list same with the Truckee Chamber of Commerce. The listings may be made by contacting Mrs. Winifred Kamp, secretary of the chamber, at the Truckee Public Utility office on Commercial Row.

According to E. V. O'Rourke, superintendent of the Tahoe Truckee Unified School District, several teachers and members of the district staff are urgently in need of immediate housing.

ILARDIS HURT IN CAPITOL CRASH

Mr. and Mrs. Eugene Ilardi, former Truckee residents now living in Sacramento, suffered minor injuries Sunday when their car was involved in a traffic accident as they were returning to their home after a visit to the State Fair.

A car had stopped at an intersection and Ilardi pulled up behind it just as a third car struck them in the rear, shoving them into the car in front. Mrs. Ilardi was taken to the emergency hospital for treatment for cuts, bruises and a back injury.

Doyle's Market Offers New Freezer Service

Doyle McGinnis of Doyle's Meat Market is inaugurating a new service which provides packaged meat for home freezer patrons. McGinnis's service includes handling the meat from the wholesaler, cutting it to suit the individual requirements and wrapping it for the storage boxes.

John W. Finnegan Is Commissioned as Notary

SACRAMENTO—(C. N. S.)—A notary public commission has been granted to John W. Finnegan, Truckee, the secretary of state announced this week. Finnegan is employed at the Truckee branch of Bank of America.

RUMMAGE SALE

The public is reminded of the Rummage Sale being held today, tomorrow and Saturday in the new basement of the Community Methodist Church here, sponsored by the Woman's Society.

Sun Beams

by Walter M. Barrett

The Tahoe Truckee Unified School District may well take pride in its new high school. The dedication ceremonies Saturday evening bring to a close years of planning, hard work and no small expenditure of money to provide the district with one of the most modern, well-equipped high schools in a state where excellent school plants are the rule. The dedication closes the first phase of the planning by the foresighted proponents of the idea. The next, and even more important phase, will be the educational advantages provided in the new million dollar plant. Through employment of competent, education-minded instructors, the complete cooperation of administrators, parents and students, the new high school should rank high among the highest and we have every confidence that this will be the case. No detail has been omitted so far as providing facilities are concerned. Transportation is adequate. Classrooms, textbooks, physical educational facilities, cafeteria, libraries, shops and other factors are available for those desiring to participate. There remains only the inculcation of school and community spirit, the desire on the part of faculty and students alike to see to it that the forward march is continued. We hail the completion of the new school as one of the most important steps in the life of the district that has been taken in many a long year.

Speaking of schools, we want to call attention to Proposition No. 3 on the November ballots. This would free non-profit privately operated schools from taxation, a step already taken by 47 of the nation's 48 states and one approved by the overwhelming majority of California legislators. A yes vote on No. 3 would relieve these church schools of a heavy burden without constituting a subsidy and also provide educational advantages to many more youngsters whose parents wish them to have a religious as well as a secular education.

BIG COUNTY FAIR OPENS TODAY FOR FOUR-DAY SHOW

GRASS VALLEY—A program of entertainment, exhibits, educational features, commercial displays, concessions and a show of agricultural and livestock wealth highlight the annual Nevada County Fair and Horse Show September 11 through 14.

Some of the finest livestock in California will be on display. An exceptionally large show in the 4-H division is also slated. A mineral and mining display will reflect the history of mineral wealth and the mineral potentialities of the chief mining counties of the state.

A record number of entries is expected for the horse show Sunday. Individual riders and groups from Sierra, Placer, Yuba and Nevada Counties will take part in the show. Events following the grand entry include speed and handiness, trail horses, pleasure horses in western equipment, parade horses, family groups, match-pairs, relay race, ring sparring, stake races, stock horse racing and special children's events.

The entire family is invited to have a "grand time on a dime" at the county fair at the wooded fair grounds at Grass Valley. Top entertainment features have been arranged, including nightly stage shows by Raynor Lehr of Hollywood and the Sunday horse show, under the direction of Mel Lawrence of Roseville.

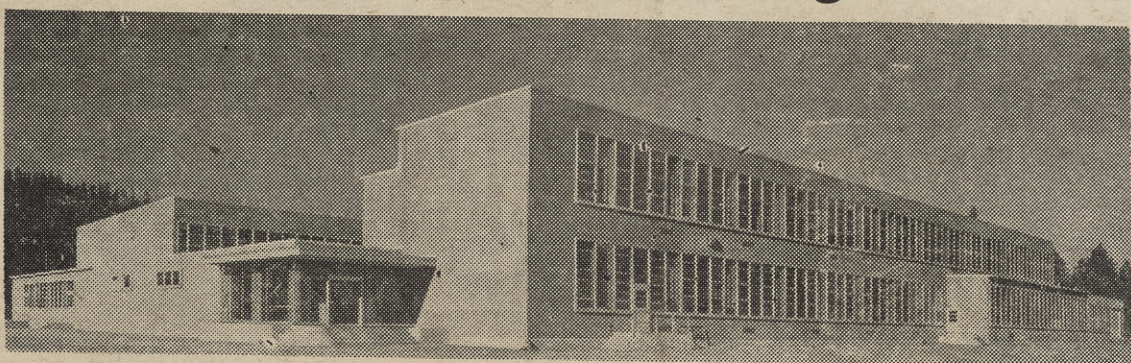

Nevada County fair grounds have the distinction of having one of the most naturally beautiful settings in the state.

CLUB TO MEET

The Women's Club of Tahoe will hold a luncheon meeting at Homewood Resort next Thursday. Preparations are being made for a large attendance.

Observes Birthdate—Mrs. Muriel Frey observed her birthdate Monday, September 8.

New School Building

The new Tahoe-Truckee High School Building, on Highway 40 between Truckee and Donner Lake, which is being dedicated at public ceremonies Saturday night at 8:00 o'clock.

Warning Issued As Boy Hurt In Shooting Mishap

Larry Reid "Creased" By Bullet While Playing Near Home

Rifleman who are sighting-in their firearms in preparation for the opening of deer hunting season here next week are urged to use authorized sighting ranges to prevent a possible tragedy.

It was brought out at a meeting of the Truckee Chamber of Commerce here last week that one boy, Larry Reid, 10, son of Mr. and Mrs. Rex Reid of Donner Lake, narrowly escaped death at the hands of a careless rifleman recently while playing in the yard at his home.

The high-powered bullet came so close to the boy that a burning welt was raised along his left side as the shot pierced his shirt.

Lack of care in the handling of firearms during the hunting season is a menace to innocent people, Game Warden Tom Borneman pointed out in citing Section 1163 of the state fish and game code which says:

It is unlawful for any person, other than the owner or person in possession of the premises, while hunting, to discharge any firearm or other deadly weapon within 150 yards of any occupied dwelling house, residence, or other building, or any barn or other outbuilding used in connection therewith. The 150 yard area is described as a "safety zone." It is unlawful to hunt or shoot at any bird or mammal within a safety zone without express permission of the owner or person in possession of the premises.

REQUIEM MASS ON FRIDAY FOR MAX HOCHHECKER

One of Truckee's most familiar figures, Max Hochecker, 78, expired following a heart attack on Donner Summit Sunday evening. Rosary will be held at the Truckee Colonial Mortuary this evening at 8 o'clock and Mass will be held tomorrow morning at 10:00 o'clock, with Father Ronan Brennan officiating.

Hochecker was a native of Austria but had spent many years in this country.

The deceased was a noted hiker and spent weeks during the summer walking through back country areas with a light ration pack. Although there are no known relatives in the United States, Hochecker leaves scores of friends in the area. He was a member of carpenters union at San Francisco.

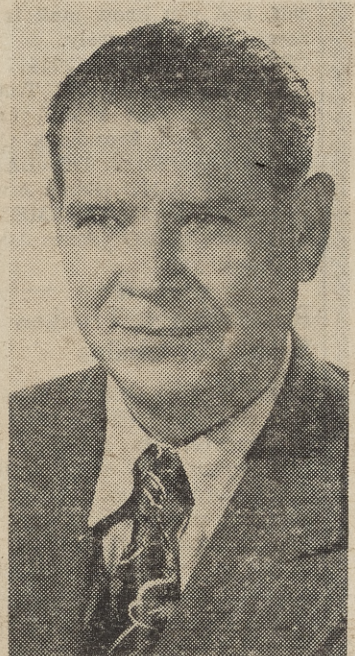

FOREST FIRES KEPT IN CHECK BY QUICK WORK

Twelve fires started by man and 11 more by lightning have occurred thus far this fire season, according to this week's report by the Truckee ranger station of the Tahoe National Forest, the latest being caused by a smoker on Juniper Road on September 4. Another smoldering for several weeks from a lightning strike burst into flame on Ward Peak September 5th.

The efficient response of the fire crews held both recent fires to less than a quarter of acre in area.

Principal

George Bergen, principal at the Tahoe-Truckee High School for the 1952-53 term.

Henry Williams Retires From SP

Truckee lost two of its best known residents and the Southern Pacific one of its loyal veteran employees when Henry G. Williams, local yardmaster since 1923, worked his last shift Tuesday and went on the retired list.

Yesterday Mr. and Mrs. Williams were bidding farewell to their many local friends prior to their departure to their new home at 920 50th Street, Sacramento.

Fellow employees and company officials, including Assistant Superintendent R. A. Miller and Trainmaster Richard Spence, honored Williams at farewell get-togethers and presented him with a suitable gift.

Williams started work for the Southern Pacific at Colfax as yard clerk and baggageman on August 26, 1913. Except for two years, from 1917 to 1919, when he served with the army during the first world war, Williams has been constantly with the railroad.

He transferred to Truckee as yardmaster on June 1, 1923, and since that time has resided here. He has been active in the American Legion, but for the most part confined his activities to his duties with the Southern Pacific.

Jack Neugebauer has been promoted to the first trick yardmaster job, replacing Williams, while M. H. Robinette goes to the second trick job and G. C. Kumble assumes the third trick. N. T. McKinnon has arrived to take over the relief yard job.

Williams said he will regret leaving Truckee and his many friends here and promised to return as often as possible. Their many local friends will wish the Williams the best of everything in their new home.

Pastor, Wife Surprised At Grocery Shower

Rev. and Mrs. Otto Bell, the former pastor of the new Assembly of God Church here, were in Livingston, their former home, last weekend to bring their personal effects to Truckee. Upon returning here, they were surprised on Sunday with a grocery shower, sponsored by members of their congregation.

NEW FLOOR

A complete new floor has been laid at The Pastime in Truckee. The design has been laid in black and "off white" linoleum. Just inside the main entrance to the popular establishment, its name has been worked into the floor pattern.

Chamber Votes Against Razing Ancient Tower

Will Conduct Survey To Determine Costs Of Restoration

The Truckee Chamber of Commerce will vigorously oppose demolition of the old Rocking Stone tower adjoining the Veterans Memorial Building here.

At their meeting last Thursday evening at Brown's Cafe, the chamber went on record as not only opposing the razing of the structure but signified the intention of enlisting aid in having the building restored as one of the few remaining historic relics of the early history of the community.

Rex Reid, local building contractor, was asked by President Reginald Smart, to inspect the building and estimate the cost of restoration. Chamber members are hopeful that the old tower may be returned to its original use as a museum to house relics of the early Truckee history.

The thought was expressed that the county might be induced to assist in financing the reconstruction through the veterans' building program since the tower is on property owned by the county and under the sponsorship of local veterans.

"The tower and the rocking stone are tourist attractions and should be preserved," Smart declared.

The action of the chamber followed a recent suggestion that because of its dilapidated condition, the structure constitutes a menace to the safety of passersby and children who play in the vicinity and it should be razed.

A full report will be made at the next meeting of the chamber, Smart said.

Donner Chamber's First Event Sunday at Lake

A hot-dog barbecue party at the west end of Donner Lake Sunday afternoon will mark the beginning of a membership drive for the Donner Chamber of Commerce. Everyone is invited to the affair at which Hap Warnke is chairman. Details will be found in Summit Scene this week.

COUPLE INJURED AS CAR ROLLS

Mr. and Mrs. Maynard Gooby of Oakland were injured, the former seriously, at 5 o'clock last night when the small English-built car driven by Gooby got out of control as it came over Donner Summit and overturned near Donner Bridge. Both were taken to the Tahoe Forest Hospital by Truckee Ambulance.

State Patrolman William Gautsche said he would cite the driver for driving without due caution and for not having his vehicle under control.

SNOW BLANKETS DISTRICT TODAY

For the first time in a little over two months, the region is covered with snow. A thin blanket—but snow nevertheless.

The weather man—for what ever it's worth—predicts the freak storm and cold snap is of short duration and will be followed Friday by warm sunshine.

Rain was general throughout northern California and snow fell as far east as Winnemucca yesterday and last night.

New School To Be Dedicated In Saturday Affair

Million Dollar Educational Plant Has Risen Over Handicaps

The dedication ceremonies to be held at the Tahoe-Truckee High School at 8:00 p.m. Saturday, September 13, mark a milestone in the progress of planning and building the high school with and for the citizens of the Tahoe, Truckee and Donner area.

The buildings are practically completed and roads are constructed. Some of the landscaping will be completed this fall. Tennis courts, outdoor basketball courts, football field and track and a bridge across Donner Creek will be completed during the next year if materials and labor are available.

Gives History
The dedication of the high school reminds the people of this

The public is invited to attend the high school dedication ceremonies Saturday evening at which Dr. Frank Wright, associate superintendent of public instruction and chief of the division of public school administration, will be the main speaker. Everett V. O'Rourke, district superintendent will be master of ceremonies. Full details of the program will be found on another page of today's Sierra Sun. The page is sponsored by local merchants.

area of the history of the unification movement and the subsequent activities to date.

A special election for unification of the six school districts that now comprise the Tahoe-Truckee Unified School District was held October 19, 1948 with a great majority of the voters favoring unification.

At the meeting of the governing board of the new district, held on April 29, 1949, an architect, Gordon Stafford, was selected to work with the board and superintendent in designing a high school for the district. The high school bond election was held in the various precincts of the district August 16, 1949, with 488 voting yes and 118 voting no. Prior to this date, on August 8, 1949, the board had agreed to purchase the present high school site a mile and a half west of Truckee on Highway 40 from the Truckee Public Utility District for the sum of \$2,000, after carefully reviewing and examining nine sites suggested by the people of the area.

Nevada Builders

Bids for grading the site for the new high school were opened and read by the board in October, 1949; the successful bidder being the Nevada Constructors Inc. with a bid of \$16,900. The work of grading and leveling of the site was completed prior to Christmas. Bids for the construction of the new high school were opened and read by the board on May 23, 1950; the successful bidder being the Mervin Gardner Company of Reno, Nevada, for the amount of \$753,000.

Work was begun on the high school during the month of June, 1950. Due to the Korean War and other problems, the school was not ready for occupancy until September, 1951. On the 24th of that month, ten faculty members and 200 students began classes in the new building, occupying only the cafeteria, homemaker room and conference room. As workmen completed rooms during the remainder of the school year, the rooms were occupied by classes.

The gymnasium was released for use by students on April 1, 1952. The first graduates from the new high school received their diplomas at a ceremony in the high school gym on June 26, 1952.

The 1952-53 school year began on September 2 with 230 students being instructed by 11 faculty members in the new high school.

Dave Medford Finds Forest Service Relic

An unusual relic of the early 1900's was unearthed recently by Dave Medford, inspecting timber for the Fibreboard Corporation, and accompanied by Ray Helgeson of Hobart Mills, found one of the first U. S. Forest Service padlocks in a collapsed cabin at the head of Wick's Ridge on the south fork of Bronco Creek.

Medford noted the debris at the site and was kicking about near a nearly-demolished ancient stove when the huge padlock, badly corroded but still intact and bearing the initials "U.S.", was discovered.

The finder took the lock to Ranger E. E. Boehm of the forest service and was advised it dated back half a century.

LETTERS To the Editor

THANKS TRUCKEE FOR AID DURING MILL FIRE

Dear Sir:

The management of the Stockton Box Company extends a word of high praise and thanks to two very loyal groups of Truckee people for their fine efforts in bringing under control the fire which destroyed the loading dock and threatened other parts of our Truckee Operation.

In particular we want to thank the Truckee Volunteer Fire Department under the leadership of Fire Chief N. F. "Tom" Dolley. We realize that this call was beyond the confines of the district and their response shows the respect and cooperation which we hope will always exist between the

Stockton Box Co. and the local fire district.

We also want to thank the U.S. Forest Service for the equipment and help which they dispatched to the scene of the fire. The local Ranger's Station under the leadership of E. E. "Pike" Boehm and Fire Control Officer Nelson Stone are always ready to serve when fire breaks out. They were right on the job and we want them to know we appreciate it.

Attend Wedding of Kin In Valley Town

TAHOE CITY—Mr. and Mrs. Imon Mitchell and son Dale on Saturday, September 6, attended the wedding of his brother George D. Mitchell, stationed at San Diego Navy Base, and Miss Doris Marie Ohland of Yuba City.

The bridegroom is the son of the Leonard Mitchells of Sutter and the bride is the daughter of Mr. and Mrs. Lester Elmer Ohland of Yuba City. The double-ring ceremony was performed before a large crowd of relatives and friends in the First Lutheran Church at Yuba City; with the bride groomed in traditional white, her dress of nylon lace, with white fingertip veil. She wore orange blossoms in her hair.

There was special organ music and singing, and her father gave the bride in marriage. About 200 attended the reception and witnessed the cutting of the wedding cake in the parish hall following the 8 o'clock evening ceremony.

The couple is making their home in San Diego, near his station.

In answer to the often asked question:
"How can a little fellow put on a big money saving sale?"—a northern Illinois grocer recently listed the following ten reasons in his ad announcing his big joint Dollar Day and Anniversary Food sale:

1. No charge accounts.
2. No free deliveries.
3. No high salaried president.
4. No golfing superintendents.
5. No new-car-a-year supervisors.
6. No expensive warehouses.
7. No "I'll take a carload" buyers.
8. No fleet of painted trucks.
9. No red tape strings to cut.
10. Only one stockholder.

PENSION PAYMENTS TO COUNTY AGED AVERAGE IS LOWER

In Nevada County, \$702,974 were paid out in aid to the needy aged alone during 1951-52, the fiscal year just completed, compared with \$725,787 for fiscal 1950-51, California Taxpayers' Association said.

Fiscal 1951-52 started with \$58,657 paid in aid to 896 people in the county for July, 1951. It ended with \$58,885 paid to 917 needy aged people in the county in June, 1952.

The preceding fiscal year, 1950-51, started with \$61,472 paid in

needy aged aid to 878 people for July, 1950. The year finished with \$59,621 paid to 900 needy aged people in June, 1951.

Statewide, \$218,819,883 were paid in aid to needy aged during 1951-52, compared with \$223,326,404 during 1950-51.

Throughout California, \$18,355,704 was paid to 274,271 needy aged people for July, 1951, compared with \$18,089,615 for 273,245 needy aged in June, 1952 last month of the 1951-52 fiscal year.

For 1950-51 fiscal year, \$18,969,458 was paid to 268,355 needy aged during the one month of July 1950, compared with \$18,385,101 for June, 1951, to 274,490 needy aged people.

NATIONAL VIEWS & NEWS

HARVEST—Combining irrigated wheat on the fields of Sheik Nuri Shiveitah near Tel-Togan, Syria, is this Caterpillar D6 track-type tractor and combine.

WINNER—Shapely Rhoda Wetz, queen of the 4th Annual Gold Coast Power Boat Race, practices her flag technique prior to the Miami-West Palm Beach classic.

BOWLING DUET—Hans Hasparek, 2, left, and brother Heinz, 3, go Johnny (Cry) Ray one better upon arrival on DP ship at New York enroute to a new home in the United States.

BIG LITTER—Owner Lawrence Meyer of Spring Grove, Minn., admires litter of 18 pigs taken from sow and fed terralac, synthetic milk. Weight totalled 840 pounds eight weeks after birth.

High School Artists Compete In Conservation Competition

WASHINGTON, D.C.—The National Wildlife Federation has asked the high school students of America to create a cartoon character which can be used to tell the story of conservation—and offered prizes totaling \$700 in a nationwide contest.

The cartoon contest will take the place of the annual conservation poster contest which the federation has sponsored for 15 years. Entries must be submitted by Next January 31 and winners will be announced during National Wildlife Week in March, 1953.

As in the previous poster contests, the cartoon competition will be divided into junior high and senior high groups. Students anywhere in the United States, from the seventh grade through the last year in high school, are eligible.

First prize in the junior division—grades 7, 8 and 9—is \$100. The second best entry will win \$50; third, \$25; the next ten best, \$10 each. Top winner in the senior division—grades 10, 11 and 12—will get \$250. Second prize is \$50; third, \$25; next ten, \$10.

The federation said the contest was inspired by the success of "Smoky Bear," the cartoon character developed by the U. S. Forest Service in its advertising campaign to prevent forest fires. The wildlife organization hopes to find a similar cartoon symbol which can be used to urge Americans to take care of their natural resources.

The federation has these suggestions for young artists:

Entries may be a caricature of an animal or person, or the personification of an animal in the manner of Disney character. It cautioned, however, against copying the style of another artist. In order to win an entry must be original in design.

The cartoon character may be depicted in an action or pose suggestive of some conservation problem or practice and should be accompanied by an appropriate legend or slogan. The theme may be soil conservation, forestry, water pollution control, flood prevention, protection of wildlife or plant life, or another phase of natural resource management.

The drawing should be done in pen and ink, pencil, charcoal, water color, scratchboard or other standard medium suitable for reproduction in a newspaper or magazine.

For a copy of the contest rules and other information, write to the Cartoon Contest, National Wildlife Federation, 3308 Fourteenth Street N. W., Washington, D. C.

remely fortunate that he did not cause the deaths or serious injury to the other two men. Years ago I sat on the coroner's jury at Homewood when a similar accident occurred but that was at night and the small boat was without lights, giving some justification for not sighting it in time to avoid a collision. A small boy was killed in that accident, the only son of the boat's owner. Sunday's accident was in broad daylight at 5:20 p.m. Tahoe is indeed fortunate to have such an organization as the Coast Guard to make prompt and complete investigations and to take steps to prevent such incidents in the future. Commander Garfield, special investigator for the USCG Intelligence Service, is due here to begin an exhaustive investigation and report on the regrettable accident which miraculously spared the lives of the two fishermen. Dropped in on our "tough" and

"hardboiled" Constable Harry Johanson of Tahoe City one day last week and was surprised to find him mothering an adorable little fawn, Bambi, who has the full run of his lovely green lawns and garden and who is fast becoming the talk of the town. Harry brought the little six weeks old deer home recently when its mother was killed by a car on the highway and the little fellow was sadly running around, not knowing what to do or where to go. I laughed at our august officer as he gently patted Bambi's soft brown head and he assured me he is being a really good parent, feeding five baby bottles of milk daily. The little visitor basks on the back porch in the sunshine and has made a real pal of Peto, one of Harry's white samoyede dogs, with which he plays and at times even lies down and goes to sleep on his soft white fur. Viking, Harry's other dog, is not so congenial and will growl if the fawn tries to frolic with him. Dozens of people have visited the constable's home over the past few weeks to take pictures of Bambi, who poses gracefully and fearlessly.

Had a card from Evie (Mrs. Jerry) Waters telling me they were down Texas way, where

they were visiting relatives. They won't return home until Wednesday.

The whole town of Tahoe turned out Saturday last to form a reception committee for the horseless carriage parade from Reno, which arrived on time 70 strong. All the stores in town closed for an hour during their visit and the town's fire engine and crew were on hand with the welcoming throng. Tahoe City's own carriageless horse, named by Constable Harry Johanson "Poker Pete", stood at attention as the brightly colored old relics of an earlier day rambled past. Beer and pretzels and hot coffee were served the visitors and the town was packed with cars. I saw them all as they passed the Bud Scott home and was amazed at the speed some of them attained. The air was filled with the aroma of gasoline long after they had disappeared. Thanks to Cary Raymond, secretary-manager of the Lake Tahoe-Sierra Chamber of Commerce who promoted the reception, the affair was a rip-roaring success, a pleasant interlude which the town will long remember.

The two-day golf tournament held at Brockway and Tahoe City courses on the weekend was a real success, with a number of celebrities on hand to lend distinction. Angelo Bonino, Tahoe City pro, gave me a few of the tournament highlights. Lloyd Mangrum of Chicago was top pro winner, he being one of golf's greatest performers of all time. He was last year's biggest money winner and two-time national champ. He set a competitive record at Tahoe City during this stay with a 33 and 28 for a total of 61 for 18 holes and on Sunday he placed first with a 75 for a tournament total of 136. An entry list of 86 entered the tournament, which is not as large as in former years, and only one course was played at a time, instead of splitting the players on both courses. The gallery was large and enthusiastic. Comedian Ben Blue of Cal-Neva and Leo Steinberg were best amateur two-man team winners. Among the movie personalities were Dennis O'Keefe and Dean Martin.

Had a wonderful afternoon last Tuesday with the Everett Prussos who spent several days at

Seek Cemetery District At Lake Valley

PLACERVILLE— A hearing will be held October 6 at 2 p.m. before the board of supervisors on a petition to establish the Lake Valley Cemetery District. The date for the hearing was set Monday following the receipt of a petition from Lake Valley residents. Mrs. Stella Johnson has given an acre plot for use as a cemetery.

Approval of the petition would create a board of three trustees constituting the organization necessary to administer the cemetery.

at Tahoe City and Brockway. In the guest pro flight, where the professionals were shooting for a \$500 purse, Lloyd Mangrum was top man, with a two day score of 136. In the ladies' division, young Sharon Johnson of Carson City carded a net 155 to take the top spot.

Blue and Steinberg had to shoot a second-round 72 to make the grade among the 83 entrants in the tourney. The first time around they came in with a sharp 66.

Meanwhile, runner-up honors in the amateur best-ball tournament went to the team of Dr. J. D. Mes- who fired a 65-72-119 net. First- chuck and Dr. W. K. Williams, day leaders Mike Soltan and Chet Hunt lapsed into a shaky 79 after their opening gross of 69; finished third with a net of 120.

Handicaps for the best ball pairs were 24 for the leaders, 18 for Drs. Meschuck and Williams, and 28 for Soltan and Hunt.

Pro Flight

In the professional flight, Mangrum had a poor second round score of 75 but coupled with his seven-under-par 61 in the first round at Tahoe City, it was enough for the first money.

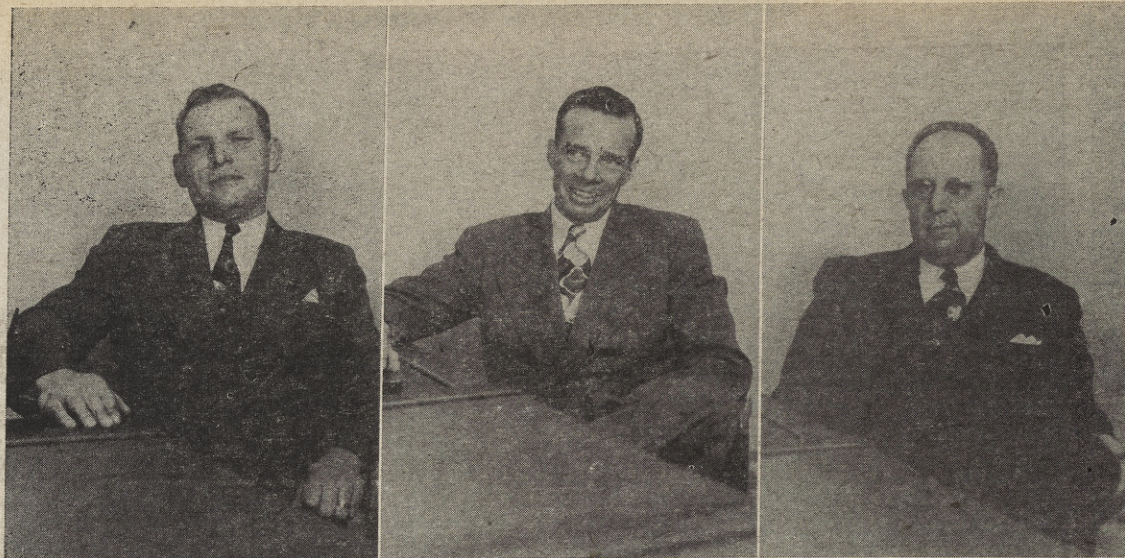

Pat Martin, pro at Palm Springs, finished second to Mangrum, two strokes out at 138. Angelo Bonino of Tahoe City carded a 140 for third and Pete Marich of Reno held a 141.

Women Leaders

Miss Sharon Johnson of Carson City put a second-day 98 with a better first-round 83 to take first in the women's division with a net 155.

Hazel Johnson, sister of the top woman entrant, finished in a tie

Traffic Fines in S. F. \$2,000,000 Business

SAN FRANCISCO—San Francisco traffic fines for 1952 will probably exceed \$2,000,000, it has been estimated by Ivan L. Slavich, clerk of the municipal court.

Slavich based his prediction on reports from the first seven months of the year, after July set a record in fines for moving violations with a total of \$62,714. Parking violators paid \$100,161, bringing the total for the month to \$162,875.

Despite the increases in revenue, the number of tags issued has decreased, Slavich said, adding that "stricter enforcement is decreasing the number of violations—and increasing the revenue."

Wilkinsons Traveling

Mr. and Mrs. Lester Wilkinsons are visiting their Lake Tahoe place and will continue to travel until early next month, when they will return to their home at Oakland.

for second at 161. She was knotted with Mrs. Leonore Mayerfield of San Francisco.

Square Dance Festival Coming in Roseville

ROSEVILLE—The Roseville Centennial Swingers have issued invitations to everyone interested to attend a Folk Dance Festival at Roseville Sunday, September 28, at Royer Park in the rail city. There will be dancing in the afternoon and evening on the tennis court. There will be over 10,000 square feet of dancing space.

This festival will be known as a "picnic festival" and all participants are asked to bring their picnic lunch in order to enjoy the afternoon and evening affair. The park is spacious and has excellent picnic facilities.

Dancing will be from 2:30 p.m. to 5 p.m. in the afternoon and from 7 to 11 p.m. in the evening. Excellent "callers" will be on hand for the dances and arrangements have been made for several excellent exhibitions for the evening program.

Zimmermans Leave

Mr. and Mrs. Rudolph Zimmermann left Tahoe City, returning to San Francisco this week.

Hit and Run Driver Fined In Justice Court

KINGS BEACH—Everett V. Burgess of Emigrant Gap appeared in Judge Harry Harrison's Court at Kings Beach on September 4. After pleading guilty to a charge of hit and run, he was fined \$250.

Burgess allegedly cut in on a car driven by Mrs. Gorda Lazarus of San Francisco at Tahoe Vista. After striking the car and tearing a part off of the front fender, Burgess continued on and was later apprehended at Nyack Lodge.

C. O. Wheats Welcome New Grandchild

TAHOE CITY—Mr. and Mrs. C. O. Wheat have welcomed another grandchild across the nation—in New York—on August 9, with the arrival there of Joan Ellen, daughter of Mr. and Mrs. W. H. Riedell. The latest addition to the family weighed a little over six pounds at birth.

The Wheats expect to go to Las Vegas the latter part of the week and are hopeful of making a later trip east to see Joan, her two year old sister, Denise, and their parents.

Rainfall is Recorded At Tahoe City

TAHOE CITY—The level of Lake Tahoe Monday morning was 6228.42 feet, according to the official reading by A. E. Frodenberg. He also recorded .04 of an inch precipitation from a brief shower in the early morning last Saturday.

Daily high and low temperature readings for the week preceding were Sept. 1st: 72, 40; 2nd: 75, 44; 3rd: 77, 46; 4th: 69, 79; 5th: 70, 42; 6th: 67, 48; 7th: 67, 38; 8th: low, 35.

Gas Tax Take Increases Over 1951 Figure

SACRAMENTO —(C. N. S.)—Motorists in California purchased approximately 340,000,000 gallons of gasoline and other motor fuels during June, for which they paid \$15,286,838 in taxes to the state, the state board of equalization reports.

Of the taxes paid, net revenue was \$13,824,111, a 2.2 per cent increase over June, 1951. Jerrold L. Seawell of Roseville, a board member, said.

Airman Richard Astle On Leave from North

KINGS BEACH—Mr. and Mrs. I. A. Astle were happy to see their son, Dick, this week. He has spent many months in northern Alaska with the Air Force and is now enjoying a leave before reporting in Montana, where he will inspect aircraft in about the same temperature as the frozen north. He will be promoted to staff sergeant and may be discharged in the early spring.

His parents have sold their home here to Gordon Rice, Reno attorney, and have purchased one at Fair Oaks, although they will spend part of their time working and visiting in the lake area.

Questions Closure of Road from Tahoe

BROCKWAY—Mrs. H. O. Comstock of Brockway has inquired of the Washoe County commissioners why the old Mt. Rose Road as the exit from the lake area had been closed.

In a letter to the commissioners, Mrs. Comstock noted that the road was closed last season without any notification to the public.

County Engineer A. E. Holgate said he understood that the county abandoned the old road to the Nevada state highway department years ago and hence had no jurisdiction. Mrs. Comstock's letter was referred to Holgate for study and reply.

Tahoe Area Residents Ask for Rezoning

The Placer County planning commission will hold two hearings on a petition by Kenneth W. and Jeanne K. Crandall for the rezoning and reclassification of Lots 5 and 6, Block M, Lake Vista Sub-

division, Zone District Area Unit No. 2 at Lake Tahoe.

Both hearings will be held at the court house in Auburn, according to Garrett G. Doty, commission secretary, and each will begin at 10 a.m. The first hearing will be on Friday, September 26, and the second on Friday, October 31. At the hearings, all persons in favor

From where I sit... by Joe Marsh

Narrow Town—Broad Outlook

The wife's cousin Ben, and Belle his bride are back from honeymooning in the Rockies. Took them to dinner last night at the Garden Tavern. Ben told about the trip:

"Went through a town in Idaho that was only 100 feet wide. No kidding! Built into a long, narrow canyon. And it shares those 100 feet with a railroad track that runs right through the hotel!"

"To get gas there we had to park right on the tracks. Suddenly Belle screams—'there's a train coming!' But the gas fellow just laughs and says we were there

first. Blamed if the engineer didn't stop the train and wait, too!"

From where I sit, it's a good illustration of how people can learn to "think of the other fellow" so that the community benefits. Railroaders and townspeople, Democrats and Republicans, malted milk fanciers and those who prefer a temperate glass of beer—we all have to share the same space. Let's maintain our neighbor's "right of way."

Yugoslavia Treats Children Against Mycosis

Mycosis, a highly contagious fungus infection of the scalp, reached near-epidemic proportions in certain areas under wartime conditions. In Yugoslavia, the World Health Organization and the United Nations International Children's Emergency Fund joined with the Government to strike at this disease which, unchecked, results in permanent loss of the hair. Trained technicians, working with UNICEF-supplied X-ray equipment to remove fungus-infected hair, are effecting rapid cures. Pictured above, hospital workers remove remaining hairs from children's heads after zinc-oxide treatment.

Grass Valley Jobless Office Pays 35 of 48 Claims

SACRAMENTO —(C. N. S.)—Unemployment insurance claims in California took another dip for the week ending August 21, with the number of new claims going down 11 per cent from the previous week, the department of employment reported.

New claims were down to 11,599 from 12,966 the week before, and the total number of claims filed was down six per cent to 79,548. Also, the number of claims paid throughout the state declined to

of granting the petition and all opposed to such action may be heard, the secretary said.

Napa Firm Low Bidder On West County Job

SACRAMENTO —(C. N. S.)—The state division of highways last Friday opened bids for widening 1.2 miles of Sign Route 20 at Rough and Ready. Low bidder was Huntington Bros., Napa, who asked \$37,133.50 for the job.

Rough and Ready is a western Nevada County community, not far from Nevada City.

59,116, compared with 61,385 the preceding week, officials said.

The Grass Valley office received nine new claims, compared with 10 the week before. It processed a total of 48 claims and paid 35.

TRUMPETER SWAN BEING REVIVED UNDER PROGRAM

WASHINGTON, D.C.—The National Wildlife Federation today called for the rescue of the trumpeter swan from threatened extinction a "conservation triumph" and drew hope from the swan story that the rare Key deer of Florida may also be saved.

In 1935 only 73 of the graceful trumpeters were left alive in the United States. Larger numbers existed in Canada but everywhere the great birds were becoming scarce.

Three weeks ago the U. S. Fish and Wildlife Service announced the results of the 1952 trumpeter swan census. The latest count showed 571 birds, an increase of 36 over last year.

Restoration of the snow-white trumpeters began when the Red Rocks Migratory Waterfowl Refuge in Montana was established by the federal government for the specific purpose of protecting a small band of swans that existed there. Under complete protection the big birds began a slow comeback. The 1952 census showed 407 trumpeters in Red Rock refuge and vicinity. Smaller flocks were found in Idaho, in Yellowstone National Park and at other points in Wyoming.

A few swans have been transplanted to the Malheur National Wildlife Refuge in Oregon and the Ruby Lake National Refuge in Nevada for the purpose of starting new nesting colonies.

The diminutive deer of the Florida Keys, a sub-species of the Virginia white-tail, is about where the trumpeter swan was 17 years ago. Wildlife authorities estimate only about fifty of the little animals remain alive. A bill to establish a key deer refuge failed to pass the last session of Congress but will be reintroduced next session.

Meantime, the National Wildlife Federation raised funds through public subscription to keep a special game warden in the Florida keys. Illegal hunting, natural hazards and the inroads of civilization upon their habitat have depleted the key deer. The same factors brought the trumpeters down to their precarious position of 1935.

"The conservation triumph with the trumpeter swan proves the key deer also can be saved," said Carl D. Shoemaker, conservation director of the federation, "provided the next Congress acts to establish a sanctuary and the public cooperates in protecting the remaining herd."

SGT. SMITH WARNS MOTORISTS ON SCHOOL BUS LAWS

With the annual back-to-school trek in high gear, Sergeant Frank Smith, officer in charge of the Truckee area squad of the California Highway Patrol, said officers are ready to cite drivers who ignore the flashing red lights on school buses.

These lights, he said, are for the protection of children who must cross the road before getting on or after getting off a bus.

While the red lights are flashing, all vehicles meeting or overtaking a school bus from either

direction on the same roadway must come to a full stop and remain standing until the lights go out.

Vehicles driving on a different roadway than a standing school bus—a situation which could come up on the separate strips of a divided highway—do not have to stop.

Sgt. Smith said most of California's school bus accidents are caused by drivers who speed past buses which have to take on or discharge children.

"If motorists won't believe that their carelessness could kill or injure a child, they can believe that violation of this school bus law will definitely net them a ticket," he concluded.

White Orchid New Silverplate Design

ONEIDA, N. Y.—The bride's favorite flower, the romantic orchid, now appears on Community's new silverplate pattern called "White Orchid." Each piece of the silverware, product of Oneida Ltd., is deeply carved with a miniature orchid flower that looks realistic enough to have come from the center of the bride's bouquet.

Each mirror-like piece has been designed to scale—in perfect balance and proportion. The floral motif makes up the reverse design. Contours are velvety smooth to make polishing easy and to eliminate hard to clean crevices. The oval tips are plain and left free for individual monogramming.

The new pattern is a functional design, one that can elegantly complement either modern or traditional table settings.

What's the
MOST SURPRISING THING
about this **BUICK**?

LOCAL DELIVERED PRICE
FOR THE NEW 1952 BUICK SPECIAL
2-door 6-passenger
SPECIAL Sedan
MODEL 48D
(Illustrated)
\$2518.88

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WE'll tell you the answer to that one — it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room—which is true.

Maybe it is because so many distinguished people own Buicks—which is also a fact.

But the fact remains—if you can afford a new car, you can own a Buick — so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head—as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

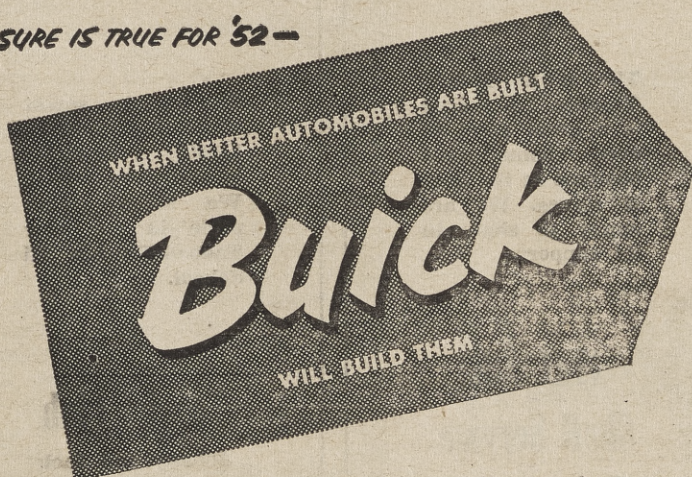

You get the silken smoothness of Dynaflo Drive.*

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Deer Hunters ATTENTION

—We Want to Cooperate with You and Ask That You Cooperate with Us—

HUNT ON OPEN AREA

Most of our lands will be open to hunters throughout the seasons—on this land we invite you to enjoy all the privileges the law and common sense permit. We do ask, however, that you be extremely careful with fire as valuable timber stands are in the non-posted area.

Observe Trespass Law

SOME AREAS WE ARE POSTING FOR THE PROTECTION OF MEN WORKING IN THE DISTRICT AND BECAUSE OF EXTREME FIRE HAZARDS. THIS APPLIES PARTICULARLY TO THE INDEPENDENCE LAKE DISTRICT. WE ASK THAT YOU OBSERVE THE TRESPASS LAWS IN THESE ISOLATED AREAS FOR YOUR SAFETY AS WELL AS OURS.

WE CANNOT OVEREMPHASIZE THE IMPORTANCE OF CARE IN HANDLING FIRES AND FIREARMS

FOREST FIRES CAN BE PREVENTED IF YOU WILL FOLLOW—FAITHFULLY—THESE FOUR SIMPLE RULES

1. Hold your match 'til it's cold—then pinch it to make sure.
2. Crush out your cigarette, cigar, pipe ashes.
3. Drown your campfire, then stir and drown again.
4. Ask about the law before burning grass, brush, fence rows, or trash.

WE WANT TO PRESERVE THE FORESTS AND HUNTING AND ASK YOUR COOPERATION

SUMMIT SCENE

by FRAN COUILLARD

The Donner U. S. 40 Chamber of Commerce launches itself with flying colors next Sunday afternoon at the beach end of Donner Lake. Bring the kids, bring your bathing suits, relax, have fun — for there will be plenty of attractions for everyone. All chambers within close proximity have been invited to attend this big kick off party. This "baby" chamber of northern California furnishes another link on Highway Forty that is badly needed for the promotion thereof. Hap Warnke, chairman for the wing-ding labors with his tried and true committee, Art Couillard, Jack Woodard and Tony Woodard. It is expected that most of the resorts and businesses on the hill who are behind their new organization will put out the "closed" sign on their doors for next Sunday afternoon and we sincerely hope that we'll see each and every one of you at our first chamber blow out. Plenty of food and stuff will be served so don't pack your lunch.

We've mentioned before that the quiet season is the time for partying in this mountain country but we've never witnessed a time when they've piled up on us as they seem to be doing now. The initiating of party season was Jack Woodard's "luau" a week or so ago. Even in the hub-bub of skiing season we haven't seen as many cars parked in front of the Ski Ranch as there were for this novel deal. A conservative estimate of the gang who attended would be around 500 souls. Sarongs, beachcombers, hula skirts, "reek" shirts, bamboo hats, leis, barefeet, pedal-pushers were all in evidence as the mountaineers let their hair down realistically. Johnny Richards, the Ski Ranch chef, was given the go ahead on the preparation of the luau and such groceries as baked pineapple, sweet potatoes and bananas, Hawaiian style prawns, spicy chicken, topped off with roast suckling pigs, were served to the crowd whose collective mouth watered as the delicious odors were wafted from the kitchen.

PROCEEDING OF THE BOARD OF SUPERVISORS FOR SEPTEMBER, 1952

September 2, 1952
The regular monthly meeting of the Board convened at 10:00 o'clock A.M. with Chairman Henry G. Loehr presiding. On roll call, all members were noted present. The minutes of the meeting of August 20, 1952 were read and adopted as read by the Clerk.

The Board appointed C. W. Veale to clear up the water situation at the Hospital with the Nevada Irrigation District and report back at the October 1 meeting.

The Board ordered the sum of \$32,000.00 transferred from the Veteran's Building Fund to the General Fund as a loan.

The Board adopted two resolutions authorizing the Tax Collector to sell two parcels of tax delinquent land as follows:

The North Star Mine designated as Lot 64 of Section 9, Township 17 North, Range 11 East containing 20.66 acres. Minimum sale price \$155.00, and the SW 1/4 of NW 1/4 of Section 21, Township 16 North, Range 9 East, containing 10 acres with improvements. Minimum sale price \$325.00.

The Board granted Deputy Treasurer and Tax Collector Dorothy S. Stephens a 30-day leave of absence without pay, and authorized Miss Hecker to hire a substitute in the interim at the rate of pay which Mrs. Stephens is receiving.

The Board extended the leave of John T. Trauner as Veterans Service Officer to March 1, 1953.

The Board adopted a resolution to borrow \$175,000.00 on a Tax Anticipation Note and set September 17, 1952 at 10 o'clock A.M. as the date of sale of said note.

The Board ordered that the proceedings of the meetings for September be published in the SIERRA SUN at Truckee.

The Board authorized the County Road Commissioner to attend the convention of County Supervisors and Road Engineers at San Diego on September 9th to 12th.

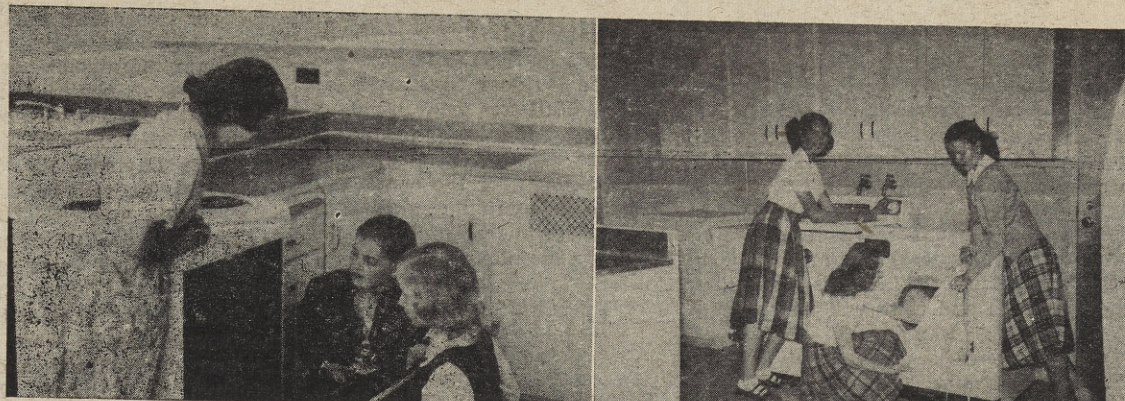

The Board appointed the firm of Tamco Engineers to supervise the proper installation of the new boilers at the County Hospital at an amount not to exceed \$200.00.

The Board accepted for filing the map of Gateway Park Unit No. 2 subdivision and authorized the chairman and clerk to sign it on behalf of the Board.

The Board received and accepted a deed from Richard Joseph for certain roads in Gateway Park Unit No. 1 and adopted a resolution of acceptance in order that said deed may be recorded.

The Board received deeds of rights of way from Southern Pacific Company and Sierra Pacific Power Company in connection with the installation of the new Floriston Bridge.

An agreement between the

Visitors at the dedication ceremonies for the new Tahoe-Truckee High School Saturday night will see, among other departments, the facilities available for instruction of future home makers.

Homemaking Arts

Jack's imported "Hawaiian" dancer turned out to be our own Gloria Parrott's sister from Sacramento and the crowd, seated on the floor in true island fashion, were delighted with this graceful, swaying girl.

Last Saturday night's activities were "tiered" and it would have taken a more sturdy reporter than yours truly to have made each and all of them.

We settled for the post-wedding reception given our own former Jeannie Buek at the Buek home at Soda Springs. Jeannie and Truckee's own Billy Campbell hid themselves to "Reno" with kin last Saturday afternoon where the nuptials were performed. Mrs. Campbell, charming in a white nylon cocktail gown, greeted her guests over a huge orchid corsage whilst Bill beamingly shook hands vigorously as accepted congratulations. The local youngsters were attended by Karen Spikard of the Rainbow region and Bill Barnum, Jean's cousin from Berkeley, who subbed at the last minute for the bride's brother, Dick, who had car trouble on the way to the wedding. Both these young folks have many, many friends on the mountain and both are ardent sportsmen. A superb buffet was served in the Buek's unique Octohut, with a beautiful wedding cake a center of attraction.

Whilst the above reception was going on Frankie Lawrence and Eve Dohring of Yuba Gap's Sky Line Lodge enticed the mountain folks down thataway with an-

other buffet and an orchestra (not to mention their latest addition—TV). Virgil Jones held his friends together with an outdoor barbecue and Soda Springs Hotel was crowded with a folk dancing group.

The mountain folks reluctantly relinquished R. E. Steen of Steen's Motel at Kingsvale this past week and greet the Fresno family that have purchased this delightful place. Lauren Woffard, with Mrs. Woffard and two young sons, help to swell the Soda Springs population in one of the quickest "turn overs" on a real estate "deal" we've witnessed in these parts. A guest on Saturday, Woffard became official owner on Tuesday, and Wednesday A.M. found Marj and Robert Steen on their way back to Mississippi.

We announce another party. The Donner Summit American Legion Post throws an installation wing ding October 4 at Ice Lakes, with all the trimmings. All district officers are invited with promise of a weekend filled with such things as deer hunting, fishing, rides on the Soda Springs chair lift, swimming in Elmo Moriano's swimming pool at Beacon Hill and the works. All members of District No. 6 are invited to attend with outstanding Legion officers throughout the state signifying their intentions to participate in the doings. "Chuck" Reynolds of Ice Lakes hopes that a buck stew will be the piece de resistance, which will be served buffet style. So if you're a Legionnaire, put a big ring around

the date of October 4th, for the Harold Eugene Jones Donner Summit Post 811 doings.

Betty and Edvi Aro slip away for a few weeks vacation Colorado bound. Sacramento State Fairward went the Virgil Miseners and the Bud Horaks to witness the horse show with their young ones. Jim and Eula Sherritt also found time to wander around the Fair grounds as did Bill and Gloria Parrott.

The Pete Dreyfuses of Soda Springs took a look at lowering skies and hid themselves back to Mill Valley after a full summer at their mountain cabin. As if by magic, the Kingsvale and Cedars summer residents quietly loaded their cars and took off for the low lands, leaving the usual deserted village look around these parts. Hotel and business operators, between parties and promises of parties to come, look over their several properties and prepare for "What kind of a winter this year?"

Truckee Judge Jails Two On Sobriety Counts

Wednesday morning, Judge F. W. Wilson of Truckee sentenced two people to jail for violating the county sobriety ordinance. They are Irene Alexander, 34, who will serve 30 days and John Byrd, 54, who will spend 15 days in jail. Both were arrested by Constable N. F. Dolley of Truckee.

**California Duck Season
Limits Are Picked**

California's 1952 duck hunting season will begin Friday, October 24, and close Thursday, January 1, 1953, the state fish and game commission says.

Under a new policy tried by the U. S. fish and wildlife service this year, each state was allowed to choose an opening date, provided that it not occur earlier than October 1 nor later than January 10. The Pacific Flyway states were given a choice of a 70-day straight season or two 28-day split seasons.

The bag limit has been set at six per day and six in possession (only one of which may be a wood duck). In addition, there may be two pintail or widgeon; or eight ducks in all may be bagged, if two are pintail (spring) or widgeon.

The goose bag and possession limit is six; not more than two of which can be dark geese (varieties of Canada or speckle bellies). There is an additional limit of three black sea brant.

Faced with the problems of the state's varying climate, crop depredation and harvesting conditions, the state commission carefully considered all views before making their decision. Rice growers on whose lands many ducks are shot, requested a straight season to start not before November 1 and preferably as late as November 15. Hunters, represented by sportsmen's organizations, generally wanted a split season, the first to start the middle of October and the second as late as possible. In an effort to serve the whole state, the commission chose the compromise dates.

MRS. STRAUB HEAD OF P. T. A. DRIVE

Mrs. Joseph Straub was named as chairman to conduct the current membership drive at the Parents and Teachers Association meeting held in the Truckee Elementary School Monday evening. Mrs. Straub will appoint her committee this week and all parents of children entering school for the first time or having older children in the grades, and all other interested persons are invited to become members.

Mrs. Lester Deckwa presided at the business session and Frank Burke of Auburn, guest speaker on cooperation between parents and teachers, was well received.

Members of the executive board of the organization served refreshments during the reception for the new faculty at the school. Monday evening, October 13, is the next meeting date for the group.

At Titus Home—

Guests at the home of Mr. and Mrs. Frank A. Titus are the latter's sister, Mrs. Ollie Hirst of Sacramento, and her son and daughter in law, Mr. and Mrs. Ralph Hirst and son, Nelson of Fresno.

Sunshine Girls Plan Dance Next Month

Adonna Goodpasture presided at the meeting of Donner Council No. 13, Pythian Sunshine Girls, held in the IOOF Hall on the evening of September 3, with Mrs. Pearl Heller as advisor. Sharon Pace was named as chairman of a committee in charge of arrangements for a dance to be held in October, the date to be announced later. The Council meets on the first and third Wednesdays each month between 7 and 9 p.m.

Virginia Angelo Now Teaching in Valley

Miss Virginia Angelo, who taught in the local high school, is now teaching Spanish at the Clarksburg High School and living in Sacramento. Before leaving Kings Beach the first of the month, Miss Angelo gave a party for a group of her former students.

Attend Market—

Mr. and Mrs. Rex Thomas were in San Francisco on the weekend, attending a jewelry and gift mart and buying for their Thomas Jewelry store here, with emphasis on Christmas gift items.

Clothes Are Sought For Needy Families

On Wednesday, September 17, the office of the Justice of the Peace here will be open at 2 p.m. to any person who wishes to volunteer to sort wearable clothing for needy families.

Clothing and shoes for grown people and children are being donated for winter use as a community project and any help in separating the articles according to type and sizes will be appreciated.

At the Fair—

Miss Bobbie Henderson was a State Fair visitor last week.

Fair Visitors—

Mr. and Mrs. Jack Ellis, Mr. and Mrs. Ken Hedlund and Mr. and Mrs. Paul Archer were visitors at State Fair in Sacramento Saturday night.

Flys to Montana—

Mrs. Subb Klein traveled to Missoula, Mont., this week for a ten-day visit with her sister there. The trip from Reno eastward was made by air.

Kalers Leave—

Mr. and Mrs. J. E. Kaler left this week for Sacramento after spending the summer here.

BUCK STEW TOPIC OF SPORTS MEET

The annual buck stew will be the topic of the meeting of the Truckee Outdoor Sportsmen at Capitol Hall tomorrow night at 8 o'clock. All interested sportsmen are asked to attend to decide on plans for the event and for the delegation of duties to the various members. President Johnny Ciardella will preside.

SANITARY ELECTION HERE ON TUESDAY

Attention is again called to the Truckee Sanitary District election to be held at the fire station from 1 to 7 p.m. next Monday, September 15. Two directors will be named and the incumbents, Clarence E. Osburn and Robert W. Seibold, are the only candidates whose names will appear on the ballots.

ATTENDS LECTURE

Dr. L. D. Nelson spent Monday and Tuesday in San Francisco where he was in attendance at a series of medical lectures, brushing up on the latest treatments and methods of his profession.

CAMPBELL - BUEK WEDDING RITES HELD IN NEVADA

William Campbell and Miss Jean Buek exchanged marriage vows Saturday, September 6, in the home of Justice of the Peace Lawrence Layman at Reno. The bride was attired in an ankle-length white nylon cocktail gown and carried a corsage of orchids.

Mrs. Campbell was given in marriage by her father, Carl Buek of Soda Springs. Attendants for the young couple were William Barnum of Oakland and Karen Spickard of Rainbow. The five o'clock wedding ceremony was attended by members of the families and a few close friends.

Following the wedding, a reception was held at the home of the bride's parents at Soda Springs, attended by between 200 and 300 friends and well-wishers.

Both Campbell and his wife are well known through the area. He attended schools in Truckee and San Francisco and since has been employed at Truckee. Outside this area, he is known as one of California's leading ski jumpers, having held the state championship at one time.

The bride is a graduate of Oakland schools but has resided at Soda Springs or Truckee for some time and is employed with the Pacific Telephone Company here. She shares with her husband an enthusiasm for winter sports and has frequently skied in competition.

The just-weds are making their home in Truckee.

MEETING TO PROBE NAT'L GUARD PLAN

Colonel (Lt.) John D. Austin, 184th Infantry regimental instructor at Sacramento, will be the principal speaker at a meeting to be held Thursday evening, September 18, in the Tahoe Truckee High School cafeteria in the interest of forming a platoon of the National Guard in this area.

Col. Austin is a veteran of Korea, according to Robert Edwards, local American Legion adjutant, and everyone is invited to attend and hear the program whether or not within the age limit or planning to join the unit.

S.P. Official—

P. N. Orth of Reno, traveling freight and passenger agent for the Southern Pacific Company, was a visitor here today.

From Auburn—

Mrs. J. F. Lichtenberger of Auburn was a weekend guest of Mrs. Dan Smith here.

From Eastern State—

Mr. and Mrs. Beaumont Edwards and Mrs. Fred Weiler of Allentown, Penns., are guests this week of Mr. and Mrs. Robert Edwards. The former and Mrs. Weiler are brother and sister of the Truckee man.

Back from East—

Mr. and Mrs. C. J. Knowles were visiting friends here last week following their return from a year's vacation trip throughout the south and east. They formerly were in business at Donner Lake and were en route to their home at San Jacinto when they stopped here.

Out of Hospital—

Michele, daughter of Mr. and Mrs. Howard Newsham, has returned home after being in the Tahoe Forest Hospital during the weekend with an acute attack of appendicitis.

Hostess at Supper—

Mrs. L. D. Nelson was hostess on Monday evening at a barbecue supper and card party for a group of young matrons who form a club, meeting once a month.

Hoskins Here—

Richard Hoskins, former Nevada County sheriff and currently a beverage distributor, was a business visitor here this week.

Truckers, State Men At Annual Barbecue

A number of Truckee division of highways employees, headed by Superintendent T. T. Buell, and officers of the California Highway Patrol, including Sgt. Frank Smith, Roy Stallard, Martin Sturcke and Thomas Sheehan, attended the annual barbecue picnic sponsored by the Western Trucking Association at Bear Valley last Saturday.

Approximately 150 truck line officials, highway patrolmen and division of highways employees attended the affair to discuss mutual problems.

Rausch at Fair—

Mr. and Mrs. Paul Rausch and family were among the Truckeers at the State Fair last week.

Truckee Youth Guest On L. A. TV Program

During his recent vacation trip with his family, Joel Towler, son of Mr. and Mrs. Ernest Towler, was a guest on a Los Angeles television show. An ardent student of Indian arts and history, Joel was the guest of his long-time acquaintance, Iron Eyes Cody, western movie star, who conducts a television show over KTLA in the southern city. Joel appeared on the program of August 30.

Birthday Saturday—

William Porter observed his birthday Saturday, September 6.

Guests of Smarts—

Mr. and Mrs. Edwin Smart of Oakland were guests last week at the home of Mr. and Mrs. Reg Smart here.
